XERO & FIGURED 1 DAY WORKSHOP

Ongoing education is key to continued growth and rejuvenation.

Our workshop is suitable to those starting their cloud software journey or if you are interested in learning all the tips and tricks of both Xero and Figured software and understanding their capabilities.

This workshop provides practical tools to help you manage your business performance, in a timely and user-friendly manner.

The workshop will cover

- Bank integration
- Chart of accounts
- Business / Organisation settings
- User rights
- Invoicing / processing bills
- How Xero & Figured integrate
- Use of production trackers
- Use of budget & forecast tools
- Reporting - importance of correct configuration
- Reporting and understanding profitability
- Managing cashflow projections

PrincipleFocus help regional agribusinesses achieve their vision & goals. We deliver integrated consulting, training and accounting services.
